Summary

Full Stack Developer with professional and freelance experience building web applications using React and Next.js. Strongest in frontend development, dashboard interfaces and API integration, with hands-on experience building Node.js/Express CRUD features and modifying existing backend flows. Delivered work across learning management, recruitment and business applications.

Technical Skills

Frontend: JavaScript, React, Next.js, Tailwind CSS, shadcn/ui

Backend: Node.js, Express.js, REST API integration, CRUD operations, Strapi

Database project experience: MongoDB, PostgreSQL, Supabase

Foundations: Closures, scope, promises, async/await, event loop, React state and effects

Development workflow: MCP, project context documentation, reusable skills installation

Experience

Freelance Web Developer | Fiverr and Upwork

Oct 2025 - 2026

Energy Recruitment Hub | Next.js, Strapi, PostgreSQL

[energyrecruitmenthub.com](#)

- Implemented a CV analysis workflow with PDF text extraction, API integration and JSON response handling to display scores, strengths, gaps and improvement suggestions.
- Used weighted criteria in the CV evaluation flow to guide scoring and present feedback in a consistent format.

LinkBiz | Next.js, Supabase

[linkbiz.co.za](#)

- Built the website as a solo developer, including the visual design and business dashboard for signed-in users.
- Implemented an invite-link workflow that lets users capture leads in their dashboard, using Supabase for application data.

Associate Software Engineer | DeveloperTag

Feb 2025 - Sep 2025

Learning Management System | Next.js, Tailwind CSS, Node.js, MongoDB

- Developed most of the frontend for an LMS with eight role-specific dashboards, spanning super administrator through student workflows.
- Integrated backend APIs into dashboard interfaces and extended existing backend flows to support additional fields and changing frontend requirements.

Frontend Development Intern | Amox Solutions, Lahore

Jun 2023 - Aug 2023

- Worked on dashboard interfaces and integrated UI components, including shadcn/ui components, into frontend pages.

Education

BS Computer Science | COMSATS University Islamabad, Vehari Campus

2021 - January 2025
